Plant Container,  
Round 01  
L 700 W 700 H 830

Plant Container,  
Round 02  
L 1000 W 1000 H 830

All dimensions in millimeters.

## Material

body: Solid Surface | upholstery: vinyl (vinyl coat, cotton/polyester backing)

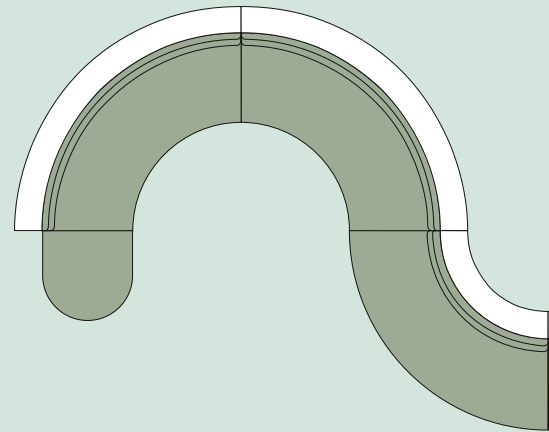

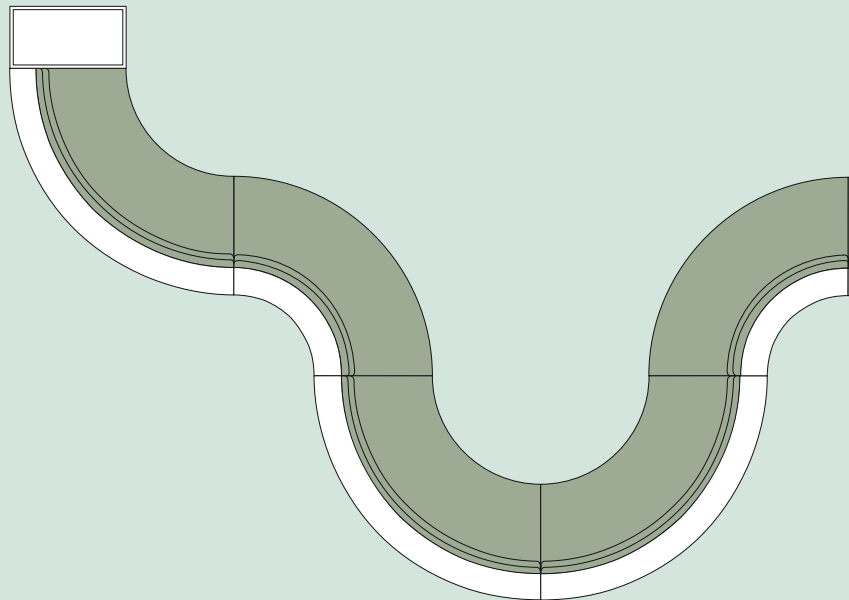

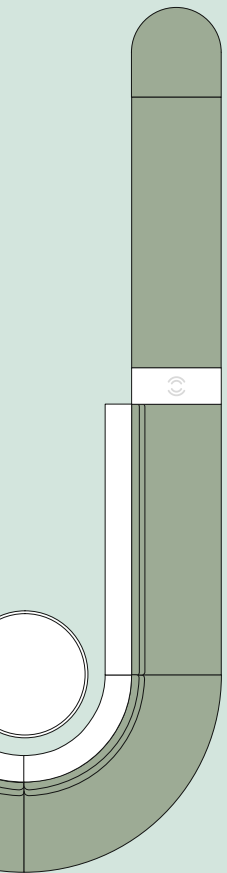

## Design

Juliane Hartfiel

Designing open spaces in an inviting and flexible way - that's what Lamaz stands for.

The elements are designed as a system, robust, elegant and easy to clean. Functionality and aesthetics are combined to form a timeless ensemble. The design blends in with the architecture and makes an impression with its independent form.

All modules are set up without tools. The variety of combinations creates ideal spaces for meetings, communication and relaxation.

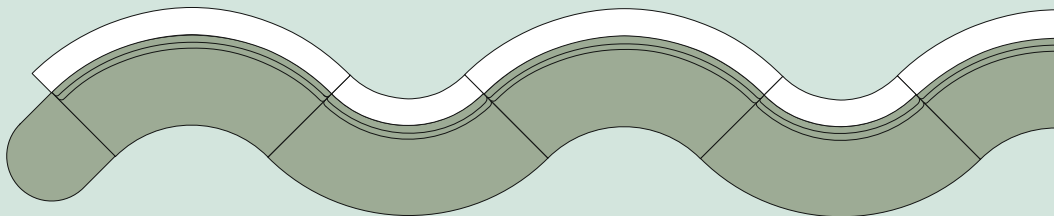

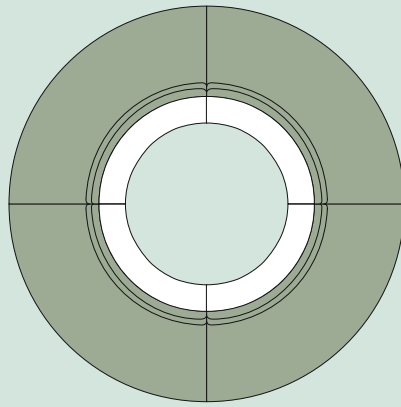

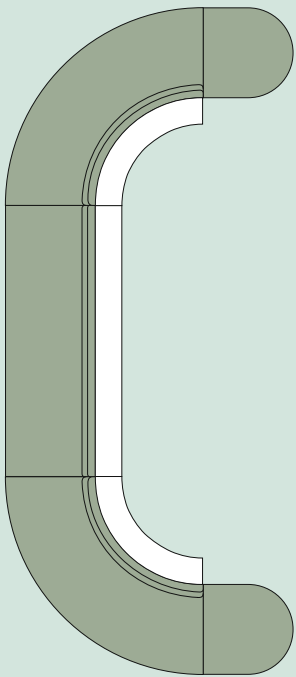

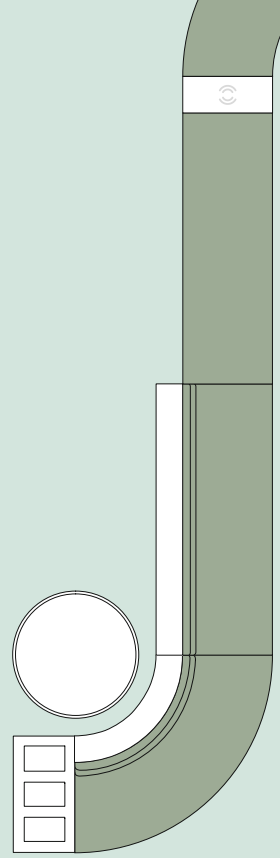

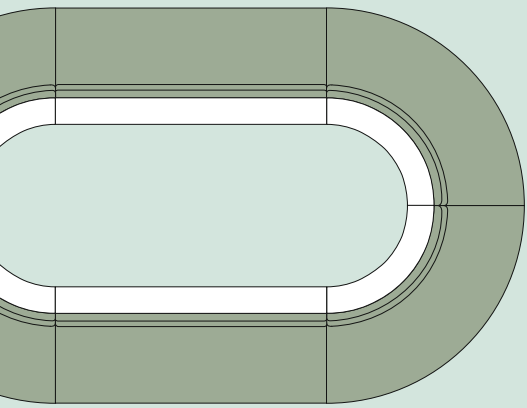

Relax  
and  
perceive.

Observe  
and  
communicate.
